**SUMMERHILL**

Summerhill is in Leiston in Suffolk. It's more than seventy years old. There are only seventy students, aged from five to sixteen. The children have classes usually according to (в соответствии с) their age, sometimes according to their interests. Every Saturday the students and the teachers have a meeting where they make their own rules and laws. There is a timetable – but only for the teachers. Students can either go to the lessons or spend their time playing. They very rarely (редко) have fights–quarrels, of course. The question is: do Summerhill students ever get any qualifications? Yes. They become doctors, teachers, businessmen and lawyers. A. S. Neil who founded (основал) this school in 1921 believes that his school is possibly the happiest school in the world. Parents should pay for the teaching. It costs about £6,000 a year to go there.

**CHRISTOPHER COLUMBUS**

In the 15<sup>th</sup> century people knew only three continents: Europe, Asia and Africa. They knew nothing about such big continents as America. A man who discovered America was born in 1451 in Italy. His name was Christopher Columbus. He became a sailor at his early age. At last the king of Spain gave him enough money for the expedition. He set sail in 1492. The voyage was very dangerous and difficult. On the 12<sup>th</sup> of October his ship reached the land.
